# The Village Guide to SINGLISH

Singlish is a language unique to Singapore, which blends elements of English, Chinese, Malay and Tamil. It is a central expression of the cultural and historical background of Singapore.

Try incorporating some of these Singlish words into your conversations to speak like a local!

## Alamak

Exclamation to express when one makes a mistake  
Eg. *Alamak, I forgot my passport!*

## Shiok

Tastes or feels good  
Eg. *This burger / massage is so shiok!*

## Lah

Used at the end of sentences to indicate tone of anger or agreement  
Eg. *Yes lah... / Yes lah!*

## Leh

Used at the end of sentences to sound more placating in a disagreement or to persuade  
Eg. *No leh... / Yes leh, he did leh. / Go leh.*

## Wah

Exclamation to express shock or disappointment  
Eg. *Wah lao! / Wah lao... How could he do that?*

## Order drinks like a Local

Singapore has a well-established *kopitiam* (coffee shop) culture that many locals hold close to their hearts.

Kopi in Singapore is made from Robusta beans, which have on average 83% more caffeine than standard arabica coffee! The beans are roasted in a wok with butter or margarine with sugar, enhancing the coffee's flavour.

You may notice quirky practices, particularly during order takings for beverages. Here is a guide to acquaint you with some of the unique terms Singaporeans use when ordering their preferred drink!
